Grover Sellers Talked Friday

First Candidate For Governor Visited in Canyon Friday Morning

GENERAL GROVER SELLERS

The first candidate for Governor to speak in Canyon was Grover Sellers, who came to Canyon Friday morning on his tour of the Plains. He was the first candidate for state office to speak in Canyon.

Mr. Sellers outlined his past experiences in public office. He has risen rapidly from a precinct officer to Attorney General, considered as the second post in the state.

The Attorney General urged the voters to support the constitutional amendment in November which will set up machinery to place 100,000 returned veterans on farms in Texas. If elected Governor he will see to it that the amendment is administered for the benefit of the veterans.

The speaker deplored the status of education in Texas today. There are 3,300 fewer teachers in Texas today than in 1941. There are 5,000 teachers today with sub-normal training. The only way to remedy the situation is to give adequate salaries to those who are prepared to teach. Mr. Sellers paid high tribute to the work of Dr. J. A. Hill as a teacher in the Texas schools, and head of West Texas State.

The speaker told of the increased crime wave which was sweeping the nation. Canyon is fortunate in not having a great increase in crime. The quickest remedy for juvenile delinquency is good teachers and good preachers.

Mr. Sellers stated that he would see to it that old people who needed the $40 per month pension would get this amount if he is elected Governor.

Better protection on the highways, more farm-to-market roads, and a better public health department was stressed.

The farmers must be protected to the extent of assured weights for their products, true tests and correct prices. This applies especially to dairymen who are at the mercy of the big corporations who set the price on their dairy products.

Mr. Sellers was accompanied by Mrs. Sellers, and a number of workers. Peg Moreland, former Canyon man, was in the band which furnished entertainment before the speaking started.

Jerry Sadler Will Speak in Canyon June 26, 4 p. m.

Jerry Sadler, former Railroad Commissioner of Texas, who resigned to enter the army as a private, and who is now a candidate for governor will hold a rally in Canyon, Wednesday, June 26, at 4:00 p. m., it has been announced here.

Harley Sadler, West Texas manager of the Sadler for Governor campaign, will accompany his cousin to Canyon and act as master of ceremonies at the rally.

Lew Childre, known on the Grand Ole Opry, national broadcast program, as the "boy from Alabam," and David Akeman, known on the Ole Opry gang as "String Beans," will head the entertainers which consist of former Grand Ole Opry stars. Childre and Akeman as well as the other former stars of the Grand Ole Opry troup are well known throughout Texas.

Other talks will be made during the week in the West Texas leg of the intensified statewide campaign are slated for Big Spring, Tahoka, Lamesa, Brownfield, Levelland, Lubbock, Littlefield, Plainview, Tulia, Amarillo, Borger, Pampa, Wellington, Childress, Quanah, Vernon, Electra, Wichita Falls, Seymour, Munday, Haskell, and Stamford.

BONNER FAMILY RETURNS

Mr. and Mrs. Lyle Bonner and children returned recently from Little Rock, Arkansas where they attended the silver wedding of Mr. Bonner's mother and his step father. A total of 22 were in the house party.

Mr. Bonner is minister of the local Church of Christ.

Discharged

Holland R. Fleming was discharged after 3 years in the infantry. He served in the infantry in the Pacific where he won the Purple Heart. After several months in the hospital he received a medical discharge.

Conn Lee Roberts, aviation mechanic in the Marine Corps, has been discharged after serving as auto mechanic since March, 1943.

O. F. Thomas Died After a Heart Attack

O. F. Thomas, 75, died at Tracy, Calif., Sunday. He had suffered a heart attack on June 9. All members of the family were called to bedside, and spent the last few days with him.

Mr. and Mrs. Thomas sold their farm east of Canyon a few months ago and moved to California only last month. They had been living with their daughter, Mrs. H. H. Hill, but had bought a home and hoped to move there soon.

The funeral was held in California.

Surviving are the wife and six children: Jesse Thomas of Canyon, Mrs. Charles Wineinger and Mrs. H. H. Hill of Tracy, Calif., Mrs. Bessie Corzine of Albany, Texas, Knox Thomas of Lubbock, and Mrs. Arlene Corzine of Maxwell, N. M.

The Thomas family moved to Randall county from Wellington several years ago. They were prominent in local church and social circles during their residence here. Mr. Thomas was a member of the Methodist Church.

Fire Department Sent Truck to Big Blaze in Hereford

The feed mill of the Frazier Elevator in Hereford burned Friday night. Due to the fact that many buildings were so close to the fire, the Canyon Fire Department was called to send assistance. Lige Prieze and Frank Hicks drove the pumper to assist with the blaze for three hours.

The fire departments of Amarillo, Friona and Dimmitt went to Hereford to assist the Hereford department.

Mr. Prieze stated that the combined efforts of the departments confined the blaze to the feed mill, thus saving the big elevator and flourmill.

Methodist Church Will Hold Meeting in Canyon June 30

Church services for the local Methodist congregation will be held at the Methodist Camp Grounds in the Palo Duro canyon on Sunday, June 30.

Members of the Sunday School and Church will leave the church at 9 o'clock and drive to the canyon where services will be held.

Dinner will be taken and served in picnic style at noon. The congregation has enjoyed such gatherings several times during recent years.

EMPLOYED AUDITOR

The Commissioners Court has employed E. T. Cummings to audit the county's book for this year.

Mr. Cummings has done the audit for the past two years and his work was highly satisfactory.

BABER IMPROVES

Pat Baber is improving from his operation of last week. He had been in the Neblett Hospital five weeks on Tuesday, and hopes to be able to return home during this week.

STORK SPECIAL

A son was born to Mr. and Mrs. Jack Walker Monday morning. The mother was the former Martha Jo Newlin and the father was recently discharged from the armed services.

B-24 Bomber On Buffalo Field

Flew Here Monday, After a Delay in Permission to Deliver the Big Plane

The new army bomber, B-24, came to rest on Buffalo Field Monday afternoon after delay of several days because of technical difficulties.

It was planned to bring the plane from the Amarillo Air Field last Thursday, but permission had to be secured from the army for a pilot to fly the plane here. This was secured by the commander of the field.

The plane was bought by Bob Lindsey of Borger and donated to West Texas State College.

Capt. L. A. Madsen, operations officer of the Amarillo Field, took off in the big plane at 4:30 o'clock and cruised over this section for an hour to empty the gas tank.

The plane was landed on the G. W. Cox land north of the college campus. This land had been prepared for the landing through the cooperation of County Commissioner G. B. Heath. The land will probably be the future air field for Canyon.

The landing was perfect. A. A. Clark had given permission to taxi over his property, and the plane was brought through an opening in the fence of the athletic field which had been prepared by Virgil Henson and J. L. Harden. The plane was secured at the north end of the field, facing south.

The plane is complete in every respect, excepting the guns, which had been removed. It has been in the air only 16 hours before being turned over to the college. It will be used for scientific work in the college. Citizens will be invited to inspect the bomber in order to secure a first-hand knowledge of the operations of a big plane.

Louis T. Davault Died in Denver; Funeral Friday

Louis T. Davault, 37, died Wednesday in Denver as the result of a heart attack. He was recently discharged from the army and has been under medical care since. He served several months in the Pacific where he was afflicted with the fever.

The body was brought to Canyon for the funeral service, Rev. Hubert Thomson, assisted by Rev. R. W. Jones, conducted the services at the Methodist Church Friday afternoon at 2:30 o'clock. Interment was in Dreamland Cemetery by the side of his father, who died several years ago. Griggs-Warren Funeral Home was in charge.

Pall bearers were J. A. Edwards, Roland Black, Reeves Donnell, Delbert Lowes, Newton Crain, A. B. Holt. Honorary pall bearers were Roy Cheatham, Jay Prichard, Oscar Smith, Ed Mickle, L. E. Smith, J. A. Guthrie, Andy Walsh, Bud Rusk.

Survivors are his mother, Mrs. L. T. Davault, and one sister, Mrs. Houston Doughty of Bivins Station.

Mrs. Jack Cage and Children Injured in Automobile Crash

Mrs. Jack Cage of Route 1, Amarillo, was slightly injured when a car driven by Miss Gwen Fegel crashed into the side of her car. The accident occurred at 13th and Rosemont in Amarillo. Mrs. Cage's car rolled up a four foot embankment.

In the Cage car were Mrs. Cage's two children, Anneta, who received a bad cut on the head and several bad bruises; Tommy, who received two black eyes and a cut mouth. Mrs. Cage received a badly bruised shoulder and arm and is suffering from shock.

Mrs. Cage's sister, Mrs. M. E. Shea, and four children of Amarillo were riding with Mrs. Cage but they received only bruises and light scratches.

Miss Fegel was not injured, but is suffering from shock. Both cars were badly damaged.

FATHER IS ILL

Miss Bobbie Graham has returned from the University of Colorado at Boulder. She flew home and was met by her mother, Mrs. Walter Graham, who returned immediately to the bedside of her father at Littlefield.

While his condition is improving it is such that Mrs. Graham and her mother are still at his bedside.

Mrs. Martell Brown, former owner of Marie's Beauty Shop, and husband who was a student of West Texas State, have returned to the home of his parents in Anadarko, Okla., to await the fall session at the university in Boulder, Colo., or at Norman, Okla.

Mrs. Alex Gray of White Deer is visiting in the home of her parents, Mr. and Mrs. S. B. Loudder.

Jewel S. Tabor Left Friday For New Residence

MRS. JEWEL S. TABOR

Mrs. Jewel S. Tabor has resigned her position with The Canyon News and left Friday to join her husband, Guy Tabor, at Biloxi, Mississippi. He is instructor in the Army Air Corps and was recently transferred to that field.

Mrs. Tabor has been employed on The News for 30 months. She resigned her position as teacher in the Canyon high school, where she rendered outstanding service for several years. She has been highly efficent in her newspaper work, and is greatly missed by members of the staff.

The Tabors sold their home on Sixth Avenue to W. W. Nicklaus, coach of the Buffalo football team. They have bought a home in Biloxi.

Mr. and Mrs. Tabor moved to Canyon 23 years ago to attend West Texas State. Both have been successful teachers in the Canyon schools, and Mr. Tabor was later superintendent at Farwell and Stratford after leaving the local schools.

Two Rains Check Harvest Over the County in Week

Canyon received two rains this week, amounting to 1.19 inches. This brings the total for the year up to 5.38 inches, which is one of the lightest rainfalls recorded over the spring months.

The rain amounted to .59 of an inch Thursday and .60 of an inch fell Wednesday morning.

Harvest has been slowed down by these rains, but should be in full blast again by Friday.

Railroad car shortages have held up delivery of wheat to the elevators.

Wheat in the northeast part of the county is practically all harvested. Cutting has just started in the northwest part of the county.

Yields are running a little better than expected.

POSTPONE MEETINGS

Meetings of the V. F. W. Auxiliary have been postponed until further notice because of the rush of harvest.

Flying Club To Be Here Sunday

Breakfast Will Be Served Sunday Morning at Cousins Hall to Visiting Pilots

Canyon residents who are up by seven o'clock Sunday morning will see airplanes of all sizes, makes, color and despription flying over town, circling West Tevas State Field and gliding down to the turf runways for a smooth landing. The large armada of planes that will be parked in the designated area around the hangers will have flown here from all over the Panhandle and tri-state area.

Everyone who attends these breakfasts flies his plane to the designated town in time for the early breakfasts. The pilots are farmers, ranchers, professionals, business men and women, who use their planes for business and pleasure. Practically all of the fixed base operators, airport managers, and Civil Aviation authorities from a radius of several hundred miles will be here.

G. W. Cox, local airport manager, stated he expects at least 75 aircraft to arrive. The Canyon Lions Club has volunteered to furnish transportation for the expected 150 to 175 pilots and passengers. The guests will be taken to Cousins Hall where breakfast will be served promptly at eight. President J. A. Hill states that entertainment will be furnished during the meal by college students. The large group of fliers contains several ex-students of West Texas State who plan to spend the remainder of the morning visiting faculty members and friends.

"The public is cordially invited to visit the field and inspect the aircraft," states promotions manager, Homer Jackson, Jr.

Derald Swineford Drawings Are In Window Display

A display of drawings by Derald Swineford is shown in the south window of the furniture department of Thompson's.

While Capt. Swineford was serving in Africa from 1942 to 1944, he made a number of sketches of American officers and of natives in their every day life. Each of the sketches has a story which Mr. Swineford is glad to tell his friends.

The display will be in the window this week, and friends of Mr. Swineford are invited to view it.

At the end of the summer session the Swineford family leaves Canyon to move to Chickasha, Okla., where Mr. Swineford will be a member of the Art Department of the woman's college.

Rotary Stands For Universal Peace; Convention Theme

Roy Boger of Amarillo spoke at at the weekly luncheon of the Canyon Rotary Club Tuesday. He had just returned from Atlantic City where he was a delegate to the 37th Annual Convention of Rotary International.

36 nations were represented, with 900 members from outside the United State and 10,350 from clubs within the nation. 116 clubs have been reinstated since the war ended.

International peace was the theme of the convention. Speakers from every part of the globe urged that the nations be as diligent in persuing peace as they were in winning the war. But peace will come only through justice, mercy and full cooperation of all nations. All nations must stand by UNO, as it is the only basis for world peace.

It was urged that all clubs stress world peace during the coming year and that all Americans become peace-minded.

Visitors were: H. C. Robinson of Panhandle; J. Davis Hill of Galveston; Sam Johnson of New Orleans; Roy Boger, George Waddill, O. K. Lewis, C. R. Janak, W. W. Rusk, Lon Watson, Dan Hickey, Dick Tweed, all of Amarillo.

Highway Work To Amarillo Progressing Very Rapidly

Rapid progress is being made on the construction of the highway between Canyon and Amarillo. While the time limit on the construction is October of this year, good weather for construction will probably make it possible to finish this work before the time allotted in the contract.

Warning signs have controlled the heavy traffic. However, in order to avoid accidents a State Highway Patrolman is on duty at all times. Drivers are warned that traffic regulations must be observed along the construction zone in order to avoid accidents.

Harvey Cash Has a Second Stroke

Harvey Cash suffered a second stroke Sunday. The first was on his left side and the one Sunday on his right side. His condition was so serious that all members of the family were called to his bedside.

He was reported to be some better Wednesday morning.

Mr. and Mrs. H. S. Sudderth and family had the pleasure of entertaining Mrs. Sudderth's father, A. R. Hancock, 88, and her sister and brother-in-law, Mr. and Mrs. Will G. Weaver of Frederick, Okla., over the week end.

Sam Johnson is home from New Orleans where he is a medical student. He has a vacation until the middle of August. He is visiting in the home of his parents, Dr. and Mrs. Lee Johnson.

Texas Farmers Protest Wheat Sales Order

A protest on the provisions of the Government War Food Order No. 144 was filed last week by the Texas Farm Bureau Federation. This order deals with the sale of wheat to the Government for relief shipments.

The board of directors sent the following telegram to Secretary of Agriculture Anderson protesting the order.

"We, the directors of the Texas Farm Bureau Federation in regular session make the following appeal to you: Farmers are making every effort possible to produce and harvest drastically needed products in spite of the scarcity and inadequate supply of machines and materials. Farmers, in dire need, when lack of materials meant loss of crops already produced, have appealed on many occasions to the Government for aid in securing materials which were being withheld from the market by firms and individuals and have been repeatedly informed by Government that the administration could set prices but could not force firms and individuals to sell commodities. Then, in the face of all this, wheat farmers in effect are forced by Government order to sell one-half of their wheat, since the normal practice of farmers is to store farmer-owned wheat in elevators with facilities to keep the wheat in condition. * * * The only alternative is for farmers to store wheat on farms in storage that is inadequate, leaky and wasteful, which will result in waste and deterioration. The farmers feel that this order is unfair and demonstrates a lack of gratitude on the part of the Government to a group that has produced abundantly and in the face of tremendous odds has never struck. We respectfully urge, in fairness to the producers, you reinstate the certificate plan which will enable the Government to use needed wheat and at the same time protect farmers interests."

The telegram was signed by the twelve directors of the State organization. Joe Hatton of Spearman is director for the Panhandle District. L. E. Mason of Randall county is alternate director.

Christian Church Camp Is Visited By Local Members

Three carloads from the Christian Church drove out to Ceta Glen Sunday evening to visit the Pioneer Camp being conducted by the Christian churches of districts one and two for boys and girls 12 to 15 years of age. Clyde Root is a delegate to the camp from the local church. The Canyon visitors witnessed the Angelus Hour, evening recreational period, Sunset Sing, and Triangle service conducted by the campers.

Mr. and Mrs. Allan Maddox and small daughter, Patricia Ann, have returned to Canyon to live. They will again make their home at 1617 Second Avenue. For the past seven months they have lived at Decatur.

Durane and Jerry McAtee of Amarillo visited last week with their grandparents, Mr. and Mrs. W. H. McAtee.

Editorials

Four constitutional amendments were passed by the regular session of the legislature to be voted upon by the people of Texas in November. It is found that the wrong date was inserted in one of the amendments; that no date for submission to the voters was given on a second; thus only two of the four proposed amendments are in proper form. As a result, a special election will be forced on the state for the amendment with the wrong date; and the second may not be submitted. We do not know the present practice, but several years ago both Houses of the Legislature employed lawyers to check all of the bills for the purpose of eliminating such technical errors. It will cost the state about $200,000 to hold a separate election for the one amendment. This money would pay the expenses for several sessions for specialized lawyers to eliminate little errors which creep into bills and make for these defects. All of which adds up to the fact that more experienced legislators should be elected. Since the legislature is about 75% lawyers, the profession cannot claim that more lawyers are needed in the legislature, but the laymen may retort that better lawyers are the prime need of the legislative body. In view of the fact that the legislative turnover this year promises to be the largest in 15 years, we shall have to await the results of the next session before passing judgment on the ability of the legislators, or the judgment of the voters in selecting their lawmakers.

The feud in the Supreme Court came to a head as Justice Robert Jackson blasts Justice Hugo Black. We are not sure about the ability of Jackson, but we have always discounted the ability of Black. He has shown himself to be a ward politician who was elevated to the highest court of the land simply by following the dictation of an administration chieftain. It probably pay to be a good follower under a strong leader, but such an attitude is bad for the nation. The Supreme Court should be above suspicion. Jackson charges that Black should not have sat on the court while his former law partner tried a case in which Black was interested. There is nothing Congress can do about the case, since the charge does not warrant impeachment. Black should have been above petty politics. He should have recognized the danger of sitting in judgment when the reputation and dignity of the Court was at stake. This incident brings to mind the ill-fated attempt of Roosevelt to pack the Supreme Court with his henchmen. But since both Black and Jackson are appointees of Roosevelt it shows the calibre of men he had in mind should he have been successful.

It is just a little more than a month before the July primary will be held in Texas. Candidates are putting on the steam in their effort to induce the voters to think that they are the ones to hold public office. We heard a prominent citizen say the other day that he was through with politics; that candidates made him sick. If he really feels that way, the prospects for electing good, efficient public servants is very, very poor. The right to vote carries the obligation of making a study of the qualifications of the candidates, and then selecting the best candidate for each office. When citizens refuse to shoulder this obligation, the country is on the verge of going to the dogs in a big way. Study your candidates, and then cast your vote for the best qualified candidates, regardless of your personal opinion. That may sound almost impossible, but it is good sense.

The rumor still persists that Governor Stevenson will call a special session after the primary election for the sole purpose of redistricting the state. We are going to have a peculiar test of the refusal of the legislature to carry out the constitutional provision for redistricting every ten years. There is a candidate running for the legislature from a mythical district in South Texas. He claims that he would be a candidate in a real district had not the legislature been derelict in its duty and refused to pass a redistricting bill. He says that he will carry his case to the Supreme Court for the purpose of compelling the leislature to act every ten years. It would be a serious thing should the legislature meet and find that all of its acts for the past 20 years were illegal because of its failure to carry out this constitutional provision. "What is the constitution among friends," is an old, old problem as friends wink at provisions they do not care to enforce.

Governor Coke Stevenson has held his fire on the actions of the State Democratic Committee until this body refused to pass a resolution praising President Truman, but condemning the Fair Practice Act, and other socialistic measures sponsored by the so-called reformers. The Governor correctly pointed out the fact that the present committee is more interested in attempting to punish voters of Texas, who do not agree with them, than in looking after the work set out for it under the law. Harry Seay, state chairman, fought back with the declaration that it is the part of the State Committee to elect good Democrats to office. The fight of the committee centers on J. E. McDonald. We have never supported McDonald, because of the uselessness of his office, but we are almost convinced that a vote for him might be a good thing for the state.

President Truman has announced that Lend-Lease cost the American people practically 50 billion dollars. Of course we could not have won the war without giving aid to our allies. It was the great industrial machinery of America which made possible the fine fighting equipment that finally whipped Germany and Japan. 50 billion dollars is a terrific price, but we could not do less. There is no questions in our minds about the results of this so-called loan. We shall never collect a cent of the 50 billion, and there is no use in kidding ourselves, as we did after World War I. We hope that should we ever get mixed up in another war that someone in Washington will have foresight enough to do some horse trading before we dump the resources of this nation into the laps of our allies—regardless of whom they may be.

The veto of the Case bill was to be expected. In spite of the tongue lashing union heads were given by President Truman, you must keep in mind that politics reign in Washington, and everything that is done in Washington has political significance. Congress is mad because the great industrial machine of the nation has bogged down so completely that reconversion is at a standstill. But the President looks toward the November election and his chance for re-election in 1948. There is no sense kidding ourselves about the power of politics in this political world of ours. The biting words of Truman a few short days ago on the railroad strike lost their bite when he filed his veto on the Case bill. Congress passed the measure because the people were demanding that something be done to start the wheels of reconversion rolling. It is estimated that the death of this bill will set back total reconversion fully 10 years. The House lacked only five votes of having the necessary two-thirds to carry the bill over the veto of the President. There has been a prevailing opinion for years that it should not require such a large majority to override the will of the chief executive. It takes only a majority of Congress to pass a bill. Why should it require more than a majority to override a veto? Students of government have long been convinced that our constitution was wrong in this requirement.

Congress is going to clip the wings of OPA. The people are protesting against the tyrannical administration of OPA. They know that its rulings are fostering black market. While OPA has many supporters throughout the nation, its campaign of fear has broken down. The people are no longer under the spell of fear, and the preachment of inflation without OPA. If this agency dies for lack of legislation, we shall probably see a greater degree of inflation. But OPA has permitted inflation to thrive, and the people are not to be kidded into thinking that OPA is doing them so much good as the bureaucrats maintain. Every American thinks that good American judgment, and hard business competition will soon whip inflation and black markets, which are the children of OPA mal-administration.

We shall not be surprised to see some radical results from the conference of foreign ministers, now in progress in Paris. It is indicated that America and England are determined to form some kind of peace treaties. Russia will be invited to join in these treaties. If Russia continues in her refusal to play ball, the two powers will disregard Russia and go ahead with their plans for a separate peace. We have been hearing so much about World War III. If Russia refuses to join us this time, we can well be assured that she intends to strengthen her position in the East while we build in the West. Sooner or later these intersts will clash, and war may result. This makes for a tragic situation. Another war might destroy what little there is left of civilization throughout the world.

Who will be the next Governor of Texas? We asked the question of two men the other day who were pretty well acquainted with the present situation. One said there is all indications that the race is between Rainey and Jerry Sadler. The other said that Rainey would not be in the run-off. His prediction was that while people generally were talking about Rainey, the voters were not for him. This man, who has traveled over much of Texas, says that while Rainey is not a bad man, he has a following of radicals whom the people fear. Rainey's friends are not doing him any good. Both of these men suggest that Sadler, Sellers, John Lee Smith and Jester are running neck and neck. If Rainey wins a place in the second primary, either of these four candidates may be his opponent. Now what do you say?

Governor Stevenson pulled a joke out into the open. Two years ago he was supposed to run for a second term on a platform which was drafted by a rabidly hostile Democratic State Committee. Friends of the Governor protested the work of the convention which went haywire in its platform demands. Stevenson was re-elected all right, but the joke is that he has never seen a copy of the platform on which he was supposed to be running. The rank new dealers of the new State Committee forgot to tell the Governor why he was running. No wonder there are many people in Texas who believe that public affairs of the state would be in better condition with two balanced parties.

The mystery of the news print situation is being solved. Because of the ceiling in the United States, news print is going to foreign markets where there is no ceiling. As a result daily newspapers of America are losing millions of dollars in revenue every month. Publishers of weekly newspapers are beginning to worry about the situation. While The News has plenty of print to run until 1947, and has the promise of another car in July, all of these dire predictions sound creepy, regardless of present paper supplies.

There is one part of the Panhandle which has had an excess rain! This is Sherman county, with part of Moore county. Unfortunately hail wiped out much of the best wheat in that section. From reports over the Panhandle, hail has been very destructive this year in parts where good wheat is grown as the result of early rains.

It has been pointed out time and time again that the more America does for foreign nations, the more we are hated. The only redeeming thing is that those nations hate their neighbors more than they hate us. All of which makes a terrible mess throughout the world.

OPA is lifting price controls in the fashion of the humane man who cut off the dog's tail an inch at a time.—Boston Globe.

SOME KINDNESS

"Did you know that that feller who is runnin' for office has a glass eye?"

"No; can you tell which one it is?"

"Yes. You look at both eyes pretty hard, and the one that has a gleam of human kindness in it is the glass one."

Dalhart Is All Set For Big XIT Reunion June 22-24

Pageantry of the Old West—in all its pre-war brilliance—will return to Dalhart Saturday, Sunday and Monday, June 22-24, when the Tenth Annual XIT Reunion is held. Amarillo has already announced it will run a special train to Dalhart Monday.

This biggest celebration in the West, based on the history of a ranch, will open Saturday night with Western regalia dances and wind up with another brace of dances Monday night.

Two professional rodeos will be given, one at 2 p. m. Sunday and the other at 7:30 p. m. Monday. The salty Buetler Bros. stock from Elk City, Okla., will be used, and some of the top hands of the professional rodeo circuits will be in the arena.

There will be free boat races on Dalhart's Rita Blanca lake Monday afternoon at 2:00. At least three events are assured, one of them a free for all, and entries from Pampa, Borger, Amarillo and Plainview are believed certain.

The Annual XIT parade—planned as one of the most colorful pageants the Panhandle has ever seen—will loop through the downtown section at 5:00 p. m. Monday.

Special preparations are being made to welcome and entertain Southwestern pioneers. They will have special headquarters where they can get together, swap yarns, listen to old-time fiddlers, square dance if they wish and otherwise do just as they please.

All XITer's—those men and women who once worked for the famed three million acre Panhandle spread which Texas traded for its state capitol in the 1880s—will be served a free dinner Monday noon. Also, W. O. (Bill) Culbertson, Sr.—himself an old XIT'er for many years a member of the renowned Coon & Culbertson ranch—has announced he will have a steak fry for all former XIT hands at his home, beginning Sunday afternoon at 2:00.

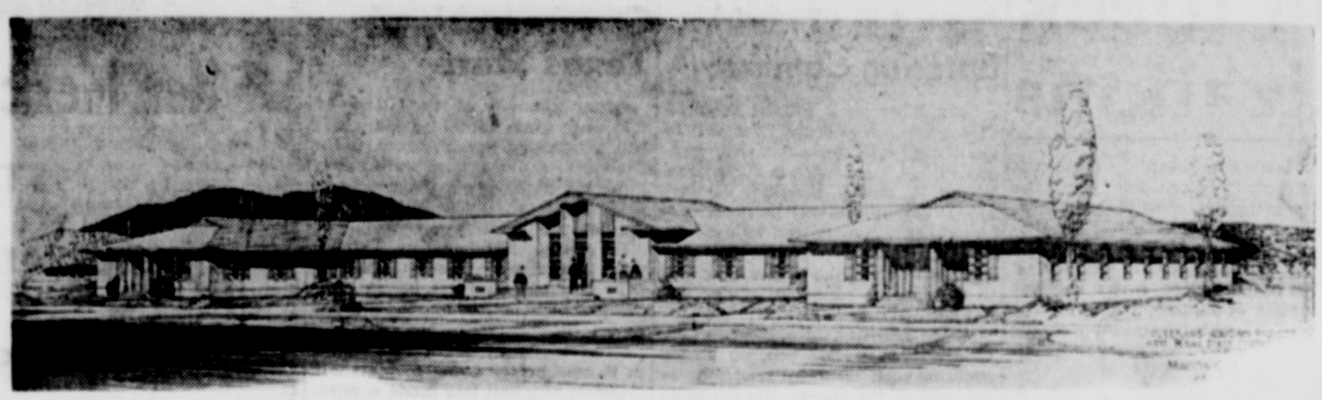

For Lieutenant Governor

ALLAN SHIVERS of Jefferson County

Senator Allan Shivers will officially open his campaign for lieutenant governor in Port Arthur, Thursday, June 27. Dean of the Texas Senate and World War II overseas veteran, his speech, which will be broadcast over the Texas Quality Network, 8 to 8:30 p. m., will be of interest to every voter in Texas.

Conner Hall To Be Opened In Fall

When college opens next September, it is expected that Conner Hall will be ready for the housing of 100 single men, and veterans will be given priority in the reservation of rooms.

The new men's dormitory will face north on first Avenue just adjacent to Terrill Hall. The two dormitories will be under the same supervision.

In Conner Hall, besides the fifty bedrooms, there will be a lounge and study, thirty-five feet long, two trunk rooms, a suite of rooms for the supervisor and an ample number of bathrooms.

An attractive feature of the new dormitory will be a large terrace which will be shaded much of the day.

The exterior of the building will harmonize with that of Terrill Hall, although it will be of brick while Terrill Hall is of stone.

The furnishings of Conner Hall will be attractive but decidedly masculine and substantial. Single beds have been provided for all of the rooms.

Many reservations have already been made for space in the new dormitory and the location within easy walking distances of the new cafeteria and of class rooms is expected to keep the building filled to capacity.

Rooms at the Conner Hall cost $45.00 per semester according to announcement made by the business office.

The name Conner will remind residents of the hall that the campus on which it is located was given to the State of Texas by L. G. Conner, founder of the town of Canyon and for many years one of its most substantial citizens.

All Pinch of Salt to Drinking Water in Summer

If your work is such that it causes excessive perspiration, add a pinch of ordinary table salt to each drink of water you take to help prevent heat cramps. This is advised by Dr. Geo. W. Cox, State Health Officer, to prevent a possible increase in the number of heat victims as the Texas thermometer hits 95 degrees and above.

Laborers, mechanics, farmers, and white collar workers whose work causes them to sweat profusely, are in danger of having their body salt content become deficient with resulting heat cramps or heat fag. Salt is a prominent constituent of sweat: the body may lose as high as 40 to 50 grams of salt during hot days.

In industry, a method of preventing heat cramps is to take a tablet of pure salt or a mixture of salt and dextrose with each drink of water. Workmen whose duties require muscular exertion should be specially careful to add more than the usual amount of salt to what they eat and drink.

Salt deficiency may be prevented by taking salt in various ways. Where prepared tablets are not available, table salt may be added to each drink of water. Milk is a source of salt and will help to make up for the deficiency caused by sweating.

Heat cramp is characterized by pains (cramps) in the abdominal region, headache, and in some cases, by nausea and vomiting. The body temperature remains about normal, likewise the pulse rate. Body salt losses occur without the knowledge of the individual until there is a deficiency; then the abdominal muscles begin to cramp.

Mrs. C. Thomson To Travel With Youth Caravan

Leaving early Monday morning, Mrs. Carlton Thomson, formerly Waldeen Dorris, 1946 graduate of W. T., will spend the next nine weeks traveling with a Methodist Youth Caravan. The first ten days will be spent in training at Abilene, Texas. With a group consisting of an adult counselor, three other young people, and herself, Mrs. Thomson will visit seven churches in the Northwest Texas Conference, one each week.

The purpose of the organization is to help revitalize and strengthen the youth program of the local church and community, and to give a clearer vision of the Christian's responsibility in every phase of life.

Mrs. Thomson has been active in youth work for several years, being president of the local Methodist Youth Fellowship and serving a district and conference officer during the past year.

Mr. Thomson, an ex-Marine, is attending college this summer.

Condron Attends Conference at Ceta Glen

Dr. Condron spent the week-end at Ceta Glen in conference with Methodist Lay Leaders of Adult Education who were assembled there. Seventy-five men discussed together the problems of education as seen by the church.

Dr. Condron is Chairman of the Adult Education Group for this area of the church. Dr. M. Leo Rippy, of Nashville, who was one of the speakers at the conference, is a former student of Dr. Condron's.

Texas' Oldest Voter

Senator Allan Shivers, candidate for Lieutenant Governor, of Port Arthur, Jefferson County, Texas, receiving a check for his filing fee from Capt. Roderick Donald Steele, Texas' oldest voter. In presenting the check, Captain Steele, representing the citizens of Port Arthur, expressed the voters' appreciation for his 12 years faithful service to the district and reminded him that he was the youngest senator to take the oath of office when first elected to the Senate. (Shivers is now dean of the Senate).

● Captain Steele for many years has refused to tell his age, but old-timers say that he is now 106. He still works daily as a marine surveyor, climbing over ships to inspect their cargoes.

Bob Calvert Now Supporting Beauford Jester

Bob Calvert's emphatic endorsement of Beauford Jester's candidacy for governor in a radio address Thursday night injected new color into the campaign which now has swung into full stride.

The former speaker of the Texas House of Representatives cautioned the Texas voters about the peril which lies in extremist theories and clearly implied his belief that Jester is the candidate behind whom all Democrats can unite.

Earlier in the week Jester went to the radio to blast the CIO Political Action Committee's drive for control of Texas politics. He said "I resent their using the vast and untaxed funds of their labor unions to influence Texas politics and try to take over the administration of our state."

In the same speech Jester outlined a long-range agricultural program, hinged to research and soil improvement, which will "help us get the farm income up to a five to one ratio with national income." He said the present ratio is seven to one. "This is the only way we can keep agriculture abreast of industry," he said.

Two London urchins, a brother and sister, watched through the windows of a busy barbershop. As a barber with a lighted taper started to give his patron a singe, Little Brother explained, "Gee, sis, he's lookin' for 'em with a torch."

Miss Anita Cleland Becomes Bride of Glyndon Robert Frank

MR. AND MRS. GLYNDON ROBERT FRANK

St. Paul's Lutheran Church was the setting of the marriage of Miss Anita Cleland, daughter of Mrs. J. S. Cleland and the late Mr. Cleland, of Canyon, to Mr. Glendon Robert Frank, son of Mr. and Mrs. Fred W. Frank, 606 So. Cherry St., Marshfield, Wisconsin, on June 6 at four o'clock.

The church was simply decorated with summer flowers and tall tapers in floor candelabra. The altar was appropriately decorated with candles and flowers. The Rev. Leeland C. Soker performed the double ring ceremony.

Preceding the entrance of the bridal party, Mrs. Richard Ralph Mock played "Ave Maria" on the organ while the guests were being seated. The candles were lighted by Master Richard Gilmer who had been a student of the bride.

Mrs. Gene Edward Haliburton of Vega, Texas, sister of the bride, was matron of honor, and wore a lime-green suit with brown accessories. Her corsage was gardenia with talisman rosebuds.

Mr. John C. Peters of Denver, Colorado was best man.

To the strains of Lohengrin's Wedding March the bride entered on the arm of Mr. John T. Varney. Mendelshon's Wedding March was the recessional. "I Love You Truly" was played softly during the ceremony.

She wore a dusty gold dressmakers suit with black accessories and carried a Bible which had been a gift to her father. Her corsage was of gardenias with baby pink rosebuds tied with white satin ribbon. The white hat was created especially for the occasion. In accordance with tradition the bride carried a handkerchief which had been the wedding handkerchief of Mrs. F. A. Nohl, and wore a diamond set gold cross which was a gift of the groom.

The bride graduated from West Texas State College, where she was a member of Alpha Chi and for the past year has been teaching at the North Fourth Street School in Albuquerque, N. M.

Mr. Frank attended schools in Wisconsin and served four and one-half years in the army Signal Corps, including 38 months in the European theater. He is now employed with the Installation Department of the Western Electric Company.

After the wedding the guests attended a reception at the home of the Rev. and Mrs. Ralph S. Hall, 1022 Forrester, with Mrs. F. A. Nohl as a co-hostess. The three-tiered wedding cake topped with miniature bride and groom, was cut by the bride and served with punch. Miss Betty Hall, a colleague of the bride, assisted with the reception.

The couple left immediately following the reception for an unannounced destination in Colorado. After the wedding trip they will be at home in Albuquerque.

Out of town guests were Mrs. Gene Haliburton and Miss Ruth Haliburton of Vega, Texas; Miss Leona Geist of Denver, Colorado, and Mrs. James D. Frank of Phoenix, Ariz.

MRS. JEWEL TABOR IS GIVEN SURPRISE DINNER

Mrs. Jewel Tabor was given a surprise dinner Thursday night. She had been invited by a few friends to have dinner at Carl's Cafe, but when she arrived she found 16 members of the Eastern Star and Business Women's Club, in which she has been active.

Several beautiful and useful going-away gifts were given the honoree, who left Canyon Friday to make her home in Biloxi, Miss.

Those attending were:

Marie Hair, Faye Kennedy, Beryl Mayfield, Nancy Boyce, Vie Bechtold, Fredda Wilcher, Lou Ella Ella Patterson, Carlee Wirt, Nina White, Gladdis Samples, Grace Thompson, Frieda Moore, Clara Lou Slack, Avis Flesher, Erma Cooper, Myrtle Walker.

W. T. Known Even In Hawaii

West Texas State College has received a request for information from a resident of Honolulu, Territory of Hawaii, who hopes to send his three daughters to this college. He learned of the college through a Honolulu acquaintance who formerly lived at Hereford.

A small item of timely interest in the letter of inquiry stated, "We still have lots of servicemen coming and going—also the A bomb test ships moved out the other day. The Nevada was painted red which really showed up among all those Navy gray ships."

The reference was to the Bikini Atoll tests which are to occur soon.

A man was killed by a train near a country village, and an inquest was held.

The jury consisted of villagers unused to such proceedings, and the coroner, wishing to be helful, advised them to bring in a verdict of "felo-dese."

Having retired to consider their verdict, some arguments arose among the jury as to what the coroner meant. The foreman soon settled the difficulty.

"This coroner chap," he explained, "knows what he's talking about. He's had these jobs before. If he says the dead man fell in the sea, he fell in the sea."

A few minutes later the jury filed back into court, and the foreman announced the verdict, "Found drowned."

"What do you do with all those newspaper clippings you're always cutting out?"

"Oh, nothing. I just burn them."

"Then what's the big idea?"

"Oh, you see they're some bargain sale ads I don't want my wife to see."

Veterans Will Have Less Trouble Entering College

Less paper work will be required of schools and colleges next fall in qualifying veteran-students for payment of G. I. subsistence allotments, Robert W. Sisson, manager of Veterans administration Lubbock regional office, announced today.

Schools will have to fill out only one form when the veteran arrives to resume his education under the Servicemen's Readjustment Act.

Sisson said this form, considerably simplified since last fall, no longer contains such technical questions as the cost of the course, the probable cost of books and similar questions, none of which directly concerns the veteran's subsistence allowance.

Schools can fill out the new form in a few minutes and that will be the only instrument required by the VA to resume subsistence payments to veterans.

The form will soon be available in this regional office for distribution to educational institutions.

Prompt handling of the forms by the schools and colleges next fall will prevent delays in the payment of veteran's allowances, Sisson emphasized.

Phantom Killer

By BO BYERS

University of Texas journalism graduate students and tutor in journalism, winner of the 1946 Clarence E. Gilmore Safety Contest Award.

A phantom killer has murdered five persons in Texarkana, and the people of that city are in a state of jitters.

A phantom killer took the lives of 1,502 persons on Texas highways in 1945 and had taken another 394 up to April 29 of this year. Yet this killer has caused no jitters among the populace of Texas.

This killer is the Careless Driver. He is as much a phantom as the man who has committed the Texarkana murders, for the victims of the Careless Driver never know in which car the murderer rides.

And YOU may be the Careless Driver who will add another name to the list of Texas traffic casualties.

You say you are not a Careless Driver? Are you sure?

That means you never drive at high speeds despite tires so old and worn that they may blow out at any moment.

You never speed up to make an orange light at the last second before it turns red.

You never drive with your car headlights on a high beam when another car is approaching.

You never pass a car on the hill.

You have never violated a single traffic regulation during the past week.

Slow down, Mr. and Mrs. Texas. Would you swear under oath to all those statements?

Don't take a chance on becoming another Texas killer.

Don't be a Careless Driver.

Carl York Plans to Return to W. T.

President J. A. Hill has received word that Lieutenant-Commander York, of the demonstration high school faculty, will be back at his post in Canyon by the beginning of the fall session.

Before going into the service, Mr. York was employed as a civilian instructor in connection with the air corps.

"Don't you find writing a thankless job?"

"Quite the contrary, everything I write is returned to me with thanks."

W. T. Ex Is Grid Coach At North Texas State

Odus Mitchell, of the Class of 1925, has been elected head football coach at North Texas State Teachers College and will soon leave his high school coaching position at Marshall, Texas, to assume his new duties.

In college, Mitchell was a four-year letterman in football, basketball, baseball, and track. He was president of the Buffalo T-Club one year.

After leaving college, he coached in Pampa before going to Marshall.

Coach Mitchell has made a reputation for himself as a builder of men as well as a builder of athletic teams.

Dr. Meyer To Attend T.S.T.A. Meeting

Dr. A. M. Meyer will attend a meeting of the State Executive Committee of the Texas State Teachers Association which meets in Austin on Saturday, June 22. Dr. Meyer is a member of this committee from the Ninth District of Texas which represents about 26 counties of the Panhandle area. Much planning is being made for educational legislation in the coming session of the state legislature.

"Tell me," said the housewife, examining the sack of potatoes, "why are the potatoes on top so much larger than those on the bottom?"

"Well, lady," replied the farmer, "that's easily explained. Potatoes are growing so fast this season that by the time I dig a sackful the last ones dug have grown bigger than the first ones."

"I say, you're not engaged to Ivy Vine any longer, are you?"

"No, not any longer."

"Lucky for you. How did you get out of it?"

"I just married her."

"That woman gets more out of a mystery novel than anyone I know," said the library clerk.

"How come?"

"Well, she starts the story in the middle, so she not only wonders how it came out, but how it began!"

"What would you do if you married a rich woman?"

"Absolutely nothing."

"Do you believe in capital punishment?"

"Well, yes, if it's not too severe."

Sharing a party-line telephone!

If you're sharing a telephone party line, you're helping someone else here have telephone service now. Otherwise he'd likely be waiting his turn for service.

Party-line service is one way of stretching the telephone system here—to serve as many people as possible now instead of asking some to wait until we've had time to put in the wires and cables and switching equipment needed to serve everybody who is waiting.

It's a big job—catching up with four years of backed-up demand. But we're hard at it. As soon as possible, we'll bring service to everybody who is waiting for it. And, after that, we expect to be able to furnish one-family telephone service to those who want it.

SOUTHWESTERN BELL TELEPHONE CO.

"GOOD NEIGHBOR" SUGGESTIONS for party-liners

Before calling, please listen to see whether the line is in use. If it is, hang up gently and try your call again a little later.

When talking, remember your party-line neighbor—he may want to make a call—so please be reasonably brief.

Between calls, try to allow a little time so the other people on the line may have the opportunity to use it.

Ask the children to follow these good neighbor suggestions, too.

Thanks a lot.

RANDALL H. D. COUNCIL HAS REGULAR MEETING

Randall County Home Demonstration Council met in regular session June 1, at 2:30 o'clock in the council room at the court house with Mrs. G. A. Colling presiding in the absence of Mrs. S. G. Elliott.

Mrs. W. C. Angel acted as secretary for Mrs. Colling and roll call was answered by representatives from 7 clubs.

Each president gave a good report of her club's work, including the report on the number of garments, socks, etc. sent the Philippines and the boxes of food and milk sent to the European area.

Miss Patterson read the by-laws and constitution for nominating candidates for the election of nominees for the state meeting in July. Each club is to elect its nominee in June for this July election.

Year book reports are to be turned in by September.

Each club drew for the month if its next year's program and the $5.00 to the council for the finance budget was due. Those absent are to bring theirs at the next meeting.

Miss Patterson gave a very interesting report of her trip to A&M. She also reported that the pineapple ordered were coming in late, but more will be available as 600 dozen were ordered.

Mrs. L. A. Pitts recreation chairman said in the report that the plans for the candidates' picnic had been dropped.

Mrs. W. C. Angel gave a short report on "Texas Agriculture."

There will be a meeting July 25 at West Texas State Demonstration auditorium on housing and storage, etc. All men interested are invited to be present.

There are 7 4-H clubs in active work now, but these boys and girls need all the help and cooperation they can get. Let's all get behind them and give them a boost.

Members attending the council meeting were: Mrs. Colling, Mrs. Angel, Mrs. Sid Carter, Mrs. Burrum, Mrs. J. W. Carter, Mrs. McCormick, Mrs. Pitts, Mrs. Schaeffer, Mrs. Brown, Mrs. R. C. Henry, Mrs. Haynes, Mrs. Marshall, Mrs. Hood and Miss Patterson.

WEST SIDE H. D. CLUB STUDIES MATERIALS

There are two kinds of materials, natural materials which include cotton, flax and silk; man made materials such as plastic, nylons, etc.

The best way to get dependable fabrics, is to buy garments with informative labels. These labels tell you more than just the name of the manufacturer. They give scientifically proved facts about fabric serviceability, results of laboratory tests for tensile strength, resistance to shrinkage, color fastness to perspiration, sunlight, washing or cleaning. Such labels also give exact fiber content and instructions for laundering when necessary, so it is a sensible idea to save them.

These statements were included in Miss Patterson's demonstration on "Know Your Materials" when West Side Home Demonstration Club met with Mrs. W. L. Avent Wednesday, June 5, at 3 o'clock.

The song, "A Smile is a Funny Thing," was sung.

Refreshments of cheese ritz, potato chips, cookies and punch was served the following members: Mrs. E. W. Bourn, Mrs. B. A. Burrus, Mrs. Ruby Davis, Mrs. J. W. Bourn, Mrs. J. W. Carter, Mrs. B. A. Burrus, Mrs. John Bryan, Mrs. Lewis Tucek, Mrs. W. C. Roberts, Mrs. E. N. Zachry, Miss Lou Ella Patterson and the hostess, Mrs. W. L. Avent.

PALO DURO LUTHERAN AID ENTERTAIN AMARILLO GROUP

Members of the Lutheran Ladies Aid of Canyon entertained members of the Amarillo Ladies Aid with a chicken dinner Thursday, June 6, in the home of Mrs. Henry Miller.

Games for the afternoon entertainment were led by Mrs. Pauline Wendelken. Mrs. S. E. Richardson and Mrs. Alfred Lehenbauer won prizes in the guessing games and contests. The group concluded the day by singing favorite hymns.

Those participating in the day's activities included Mesdames S. E. Richardson, Mary Leopold, Harlan Kreutziger, Martha Stainbrook, Henry Miller, Leroy Boehning, Leonard Boehning, Walter Boehning, Fred Gerdsen, Gus Leseberg, Henry Meyer, Albert Meyer, Pauline Wendelken, B. A. Burrus, George Albers, Fred Schmer, Edward Otting, Arthur Johnson, C. K. Vaughn, V. G. Walda, Frida rBohlin, Jacobson, A. E. Swanson, L. B. Roper,, C. W. Bauer, Ella Siemsglusz, Raymond Tucek, Alvina Leseberg, Emil Albers, Erwin Meyer, Margarethe Anderson, Alfred Lehenbauer, Carl Voegtlin, and Martin Hartenberger. Misses Betty Boulware, De Lores Johnson, and Betty Ann Miller.

"What's your favorite dish, Al?"
"One that's full of food, Cal."

MISS PRISCILLA MOORE WEDS T. D. ATKINS IN CHURCH RITES

In a double ring ceremony performed Sunday afternoon, June 8 at 4:00 o'clock, Miss Priscilla Moore, daughter of Mrs. M. M. Denton of of Big Spring and Otis L. Moore of Dallas was married to Thomas Dwane Atkins, son of Mr. and Mrs. T. B. Atkins of Big Spring.

The ceremony was read by Rev. James R. Clark in the church chapel of the First Baptist church.

The bride, given in marriage by her father, was attired in a street length frock of white crepe. Her corsage was of blue delphinium and white roses.

Immediately after the ceremony a reception was held in the church parlor, following which the couple left for a wedding trip to unannounced points.

Mrs. Atkins is a graduate of Big Spring high school. She attended business college and was employed at the Big Spring State hospital prior to her marriage. Mr. Atkins is a Big Spring high school graduate and attended Texas Tech at Lubbock before entering the Navy. He received his discharge on May 4.

They will make their home in Tyler, where Mr. Atkins will attend radio school.

Mr. Atkins is a grandson of Mrs. G. B. Combs of Canyon. Mrs. Combs attended the wedding.

WHAT A FRIEND

Chaim met his friend Moishe on the street one day, and noticed that pain was written all over Moishe's face. He stopped him in concern.

"Moishe, what on earth is the matter?" he demanded.

"My shoes are too tight and hurt my feet," was the reply.

"Then why don't you get comfortable ones?"

"H'm! Fine advice! My wife is sick, my children don't have enough to eat, the government thinks up all kinds of taxes to levy on me, I have troubles in business all day long, and my only pleasure in life is when I get home in the evening and take off my tight shoes. And he advises me to get comfortable ones!"

"I wonder what people wear in heaven," mused Mrs. Smith.

"I guess you'll want to wear the most expensive things," said Mr. Smith, "just like you do here on earth!"

"Well, dear, that shouldn't worry you! You won't be there to pay for them!"

FARMALLS ARE FIRST

Any man who buys a tractor buys it for one big reason: *the work the tractor will do.* The quality of work, the volume, and the variety are the real measures of tractor value. Couple these factors with original cost, plus upkeep and operation, and you have the whole story.

That's the way most farmers figure it out when they make this important investment. *The answer has turned out to be a Farmall tractor more times than all other makes combined.*

That doesn't happen by chance. It happens because these famous red tractors are designed and built to do more work, better work, and a bigger variety of work per dollar of cost than anything else on wheels.

We will be glad to demonstrate how Farmalls, with their complete line of related tools and machines, make up the most efficient system of power farming in existence.

Those are the big things to remember when you plan the purchase of farm power equipment. Word from the factory tells us that with all possible speed, *the Farmalls are coming!*

WHY WE DO WHAT WE DO ABOUT SCARCE GOODS

Like all other stores, Thompson's is receiving its share of scarce merchandise—but never enough! So we don't advertise an article in the paper unless we think we have enough.

On an average day many people shop at Thompson's. The simple fact that they take the trouble to come in shows they count on us to get what they need. We accept that as our first responsibility.

Although quantities are limited, our assortment of new and newly-returning goods is slowly increasing. Last month we received limited quantities of goods we had been out of. And the month before.

Our list of rare prizes changes from month to month and from day to day. Tomorrow if you are in our store you may find goods we have been out of when you asked the past several times.

We would like to assure you we are doing everything humanly possible to get our share of the scarce goods. We are on the alert constantly, making trips to market and writing letters, trying to find more of it for you.

While this "here today and gone tomorrow" situation lasts, we recommend that whenever you are in town you keep looking here for what you want. Because, some day you're going to find it.

Killingsworth-Crosby Wedding Sunday Afternoon

Miss Lucile Killingsworth and G. C. Crosby were married Sunday afternoon at 5:30 o'clock at the parlors of the First Baptist Church, Dr. Roy L. Johnson officiating.

The bridal couple was attended by Mr. and Mrs. R. D. Killingsworth.

The parlor was beautifully decorated with gladiolas.

Mrs. J. D. Barker played the traditional wedding marches, and Mrs. Ernest Elliott sang "Because," and Grieg's "I Love Thee."

The bride wore a blue gaberdine suit, with black and white accessories. She carried a corsage of pink rosebuds.

Mrs. Crosby has lived in Canyon for four years with her parents, Mr. and Mrs. J. N. Killingsworth. She has been employed in the office of J. D. Barker until recently. She attended Oklahoma Baptist University and Oklahoma A. & M. College before coming to Canyon.

The bridegroom is from Amarillo, and attended Texas Tech before entering the armed forces. After his discharge in November he came to Canyon and opened the Radio Appliance Co., in the east part of Canyon.

A reception was given the bridal couple at the home of Mr. and Mrs. J. D. Barker following the ceremony.

Mrs. R. D. Killingsworth presided at the punch bowl and Mrs. Jack Henson served the wedding cake. The white and blue color scheme was carried out.

Out-of-town guests were Mr. and Mrs. C. H. Elliott of Amarillo, and Mr. and Mrs. Ernest Elliott of Plainview.

MRS. OLDHAM IS HONORED ON HER 72nd BIRTHDAY

A birthday dinner was given at the home of Mrs. R. W. Foster in honor of Mrs. R. G. Oldham on the 72nd birthday. Many beautiful and useful gifts were given the honoree at that time. After the gifts had been opened, dinner was served by the hostess, Mrs. W. B. Huffman, who is making her home with Mrs. Foster.

Attending were: Mrs. L. N. Henry, Mrs. Emma Foster, Mrs. J. W. Horn, Mrs. O. I. Smith, Miss Mattie Foster, Miss Billie Phillips.

BIRTHDAY OF MRS. EVELYN JOHNSON OBSERVED

Mrs. Evelyn Johnson was honored by a birthday dinner in the home of Mrs. Nora Loveland.

Twelve guests were present.

Refreshments were served of sandwiches, punch, cake and ice cream.

Flesher-Juett Wedding Friday

In an impressive double-ring ceremony on Friday evening, Jane Flesher, daughter of Mr. and Mrs. W. J. Flesher, South Amarillo, became the bride of Bill Juett, son of Mr. and Mrs. G. T. Juett, living in the northeast part of Randall county.

Dr. Neal D. Cannon, pastor, read the service at 8 o'clock in the parlor of the Polk Street Methodist Church. Miss Emalee Prichard, pianist, played the "Bridal Chorus" from "Lohengrin" by Wagner as the processional, "Claire de Lune" by Debussy as the musical background for the exchange of vows and Mendelssohn's "Wedding March" for the recessional.

Given in marriage by her father, the bride was resplendent in a gown of Point Duc lace with matching lace mitts and a finger-tip veil falling from a calot. Her bouquet was of white orchids surrounded by white roses.

For something old, the bride wore a pair of matched gold and jet bracelets belonging to her maternal grandmother, the late Mrs. J. W. Ballard of Canyon.

Attending her sister as maid-of-honor, Miss Mary Flesher of Detroit, Mich., wore a dress of pink nylon surah and carried a bouquet of American Beauty roses.

Jack Irwin was Mr. Juett's best man. Serving as usherettes were Misses Betty Miller, Charlene Hook, Myra Jean Irwin and Peggy Houck.

For her daughter's wedding, Mrs. Flesher wore a silk pastel print dress with black accessories and a corsage of gardenias. rMs. Juett also wore a print dress with a gardenia corsage.

Following the ceremony, the bridal party was honored at a reception in the home of the bride's parents. Guests were received by the bride and bridegroom, their mothers and the maid-of-honor.

A two-tier wedding cake centered the lace-covered serving table. Assisting with the serving of the cake and punch were Mrs. C. W. Saunders and Mrs. Mel Belt, Mrs. Martin and Miss Patsy Saunders presided at the bride's book.

The couple will be at home in Amarillo after a short wedding trip. For traveling, the bride wore a blue linen cutaway suit with black patent accessories.

Mrs. Juett was graduated from Amarillo High School and has been attending Amarillo College, where she was a member of Kappa Delta Chi Sorority. She is employed at the Globe-News Publishing Co. Mr. Juett was graduated from Amarillo High School and has been attending Texas A. and M. College, College Station.

During the past week, the bride was feted at several nuptial courtesies including a coffee and crystal shower given by Miss Charlene Hook, 3006 Polk, and a miscelaneous shower given by Misses Patsy Miller and Elizabeth Farr at the Farr home, 800 Palo Duro. Mrs. Betty Martin and Mrs. Thelma Martin were hostesses at a miscellaneous shower in the latter's home, 1720 Monroe, and a party was given by Mrs. Juett at the home of Mrs. J. J. Walker in Canyon.

ZITA H. D. CLUB WITH MRS. D. C. McCORMICK

The Zita Home Demonstration Club met in the home of Mrs. D. C. McCormick, June 11.

The club president, Mrs. Wayland Angel, called the meeting to order. Mrs. H. R. Fulton, market chairman, reported that the pine apples were nice and that everyone seemed well pleased with them.

There being very little business, the meeting was turned over to Miss Lou Ella Patterson, Home Demonstrator. She talked on materials; how they are made, and if they would wash; and if they would wear well. She stressed the advantages of labeled materials. We all felt she had taught us a lot about buying materials.

Refreshments of punch, cookies and sherbet were served to Miss Patterson, Mrs. M. H. Rockwell, Mrs. R. Ruthart, Mrs. H. R. Fulton, Mrs. Forest Gruner, Mrs. B. E. McCormick, and the hostess, Mrs. D. C. McCormick; and two guests, Nancy and Jack McCormick.

The next heeting will be June 25 at the home of Mrs. M. H. Rockwell.

GOSH NO!

A friend who enjoys the costly but nonetheless exciting sport of "improving the breed," brought us this yarn straight from the horse's mouths.

Two thoroughbreds were talking over a coming race.

"I'm going to win it!" one of them declared. "I've simply got to win it."

"How come?" said the other. "I've never known you to take a race that seriously before."

"Well," said the first, "my owner said to me, 'Look here, old man, you win this race and there'll be 30 extra bales of hay for you!"

"Thirty bales!" exclaimed the second. "No wonder you want to win. That ain't money!"

SUSPICIOUS

A couple of Negroes were walking along a Washington street when they were startled by the scream of a police siren and the roar of eight motorcycles preceding a long black car. Impressed by the number of police, one of the Negroes asked his companion who was in the car.

"Why, you ignoramus," said the second, "dat am de President of the United States and Mr. Winston Churchill."

"Yeah," said the first, "what dey done?"

CHEAP TALK

"Your political antagonist is calling you every name he can think of," said the agitated friend.

"Don't interrupt him," answered Senator Sorghum. "It is better to have a man searching the dictionary for epithets than going after your record for facts."

LET'S FACE FACTS

These are the facts and I face them:
Foods that are highly nutritious
Too often are blessed with the nature
Of tasting undelicious.

"What is an Indian Vampire?"
"I dunno. I give up!"
"A redskin maiden with buck fever."

BOYCE HOUSE IS IN LT. GOVERNOR RACE

Hosts of people in Texas feel that they know Boyce House personally better than they do any other man—because of his radio program, heard by several hundred thousand; his "column" in 200 weeklies with a million readers, and his books, especially "*I Give You Texas*," which were read by Texans all over the world during the recent war.

House is at home in every part of Texas as, during the last three years, he has made 800 speeches and has met thousands of people in all sections of the State. Boyce House is away to a fast start in the Lieutenant Governor's race.

CONFIDENTIAL

"Good morning," said the switchboard operator. "This is Perkins, Parkins, Peckham and Potts."

"Mr. Perkins, please."

"Who is calling, please?"

"Mr. Pincham of Pincham, Pettam, Popum and Gogg."

"Just a moment, please. I'll give you Mr. Perkins' office."

"Hello, Mr. Perkins' office."

"Let me speak to Mr. Perkins, please."

"Mr. Perkins? I'll see if he's in. Who's calling, please?"

"Mr. Pincham of Pincham, Pettam, Popum and Pogg."

"Just a moment, Mr. Pincham. Here's Mr. Perkins. Mr. Pincham on the line, please."

"Just one moment, please. I have Mr. Pincham right here. Okay with Perkins, Parkins, Peckham and Potts, Mr. Pincham. Go ahead, please."

"Lo, Joe. How about lunch?"

"Okay, Charlie."

"That dentist has an eye for business."

"Yes—even his dog shows its teeth."

Mr. and Mrs. W. U. Adams and sons Carroll, Darroll, Harroll, LaDean and Kennith motored to Lugert, Oklahoma with Mrs. Adams' brother and wife, Mr. and Mrs. D. L. Riley of Amarillo last week, to attend a family reunion at the home of Mr. Adams' parents, Mr. and Mrs. J. H. Adams.

Randall Hall Improvements Show Progress

Randall Hall will be a much changed place when college opens in September of this year. It will have forty-five additional bedrooms each accommodating two girls. This will bring the capacity of the hall to 200 girls.

Furniture has been ordered for some time for both the old and the new parts of the dormitory. Room furnishings will be the same throughout. Single beds will be provided in all rooms.

There will be a library and book-nook in the new dormitory. There will be small parlors, a large lounge for active table games, and in the basement, there will be a well-equipped laundry and drying room.

A trunk room has also been included in the new plan.

When the remodeling of the old building and the construction of the new building are completed, there will be no large dining room since students who live at Randall will get their meals at the new college cafeteria now under construction. Kitchenettes or refreshment kitchens will be provided in the dormitory.

An attractive living room, bedroom, and bath are provided for the supervisor of the hall.

Reservations which have already been made indicate that Randall Hall will be filled to capacity for the fall semester 1946.

New Plane Added To West Texas Flying Field

Chief Instructor Sherman Higdon, of Canyon Aviation Service, announced the arrival of another new Aeronca. The tandon Champion is the third received on this field.

Herschel Jennings, local business man and farmer, bought the first plane received. The second is being used in training students. The new aircraft will be retained on the field for rental and instruction purposes.

G. W. Cox, who flew the craft here from Fort Worth Tuesday afternoon, states that as soon as possible the present fleet of training planes will be replaced by new Aeroncas. "We wanted a plane that was safe, simple, and easy to fly and our records show that students prefer this model."

College Receives Machinery Valued At $40,000

Shop equipment valued at $40,000 has been donated from three nearby U. S. Army installations to the Industrial Arts Department of W. T. Never since its founding in 1912 has this branch of the college been so favorably situated to expand as now.

John A. Gillis, head of the department since 1940, says that the increase in machinery and consequent rise in enrollment for courses related to the department will call for expansion in personnel and space.

Classes taught at present include mechanical drawing, printing, woodwork, carpentry, upholstery, general shop, and theory courses. Tentative plans are being made to clear the N. Y. A. building, where most of the new equipment is now stored, and to arrange it to be used as a classroom this fall. Provisions will be made for instruction in welding, auto mechanics, and farm mechanics.

Included among the new machines are a heavy metal shaper, a nibbling machine, ten metal work benches, milling machines, power drills, a seventy-eight ton hydraulic press, a turrett punch, heavy duty grinders, three chain hoists, and a forge with motor driven blower.

The school also received two preheating ovens, one 1800 degrees Fahrenheit and one 1200 degrees Fahrenheit. It is hoped that one of these can be used in art work for firing pottery.

Although the department received one lathe in the shipment, Mr. Gillis says others will be needed as soon as operation is begun on full scale.

Already in use in the rooms in the Administration Building are a vertical hollow chisel mortiser, a planer of the newest build, and a spindle and disc sander.

These pieces constitute only a part of the valuable equipment recently acquired by the school. Most of the machinery was taken from shops at the Dalhart Army Air Field, Childress Army Air Field, and Pantex Ordnance Plant. Since these places are being, or have been inactivated there is no longer any need for the shop machinery, so the U. S. government is giving it to institutions. The only cost involved is that of transporting it from the respective fields to the campus. Mr. Gillis, Mr. Harden and Mr. Henson have made many trips to get the materials.

Conducting classes in the Industrial Arts Department this summer are John A. Gillis, Professor of Industrial Arts and head of the department and Assistant Professor W. Holmes Smith.

Mr. Smith became a member of the staff in 1940. He resumed his position last semester after having served for four years in the Army Air Corps where he held the rank of Captain. In addition to his present teaching duties, he is serving as co-sponsor of The Prairie.

Mr. Gillis is a veteran of World War I and has been outstanding in American Legion activities in Canyon.

Both men received their M. A. degrees from George Peabody College in Nashville, Tenn.

Bishop Selecman On Methodist Broadcast Sunday

Bishop Charles C. Selecman, former president of Southern Methodist University and resident bishop of the Dallas Area of The Methodist Church, will be heard on The Methodist Hour on Sunday, June 23. He will speak on "The Supremacy of Personality."

Bishop Selecman is a former president of The Council of Bishops and is the founder of the Golden Cross Society. As president of the General Board of Evangelism he is the leader of the "Year of Evangelism," which is the current emphasis in the Crusade for Christ—the present four year program of The Methodist Church. His two most recent books are "The Methodist Primer" and "The Primer of Evangelism."

The Methodist Hour is broadcast over an independent network of 38 stations which covers all the states in the South and Southwest and is presented in cooperation with the Southern Religious Radio Conference.

This program will be heard over KGNC at 7:30 a. m.

The J. S. Sluder family have moved to Wayside after losing their home by fire in New Mexico.

Laymen's League at Christian Church

The Layman's League of the Christian Church will have a meeting Wednesday night at 7:30 at the church. District Governor of the Layman's League, Henry C. Munn of Amarillo, will be guest speaker. Entertainment features will include a song-fest at the beginning of the meeting and listening to the Louis-Conn fight at the close. Coffee and cake will be served.

Class Of 1925 To Unite At Homecoming In Fall

Announcement has been made concerning the first real postwar homecoming at West Texas State College. The event will be a reunion of the Class of 1925.

This class is unusual in that it has issued one or more class letters every year since 1925. The news items for the letters have been gathered by Miss Ruth Lowes, the permanent secretary of the class, and the cost of mailing has been taken care of by contributions of the members of the class.

Dr. L. F. Sheffy, of the department of history was sponsor of the Class of 1925, and J. Evetts Haley was its president. Among its members were Prof. Herschel Coffee, Associate Professor Ruth Lowes, Assistant Professor Mitchell Jones, receintly resigned Associate Professor Olin E. Hinkle, and Assistant Librarian Bertie Mae Williams of the faculty of West Texas State.

In the class also were Odus Mitchell, athletic coach at Marshall and head football coach-elect at North Texas State Teachers College; Professor Clarence Hope of New Mexico A. & M. College; Professor Plumer M. Bailey of Eastern New Mexico State College; President Floyd D. Golden of Eastern New Mexico State College and Mrs. Elsie Pool Golden; Professor Jim Webb of North Texas State Teachers College; Dr. L. W. Levelland Will Have Big Radio on July 3-4-5

Completion of a new all-steel grandstand at the Levelland rodeo grounds has tripled the seating capacity for Texas' largest arena which will be the scene for the town's annual show July 3, 4 and 5.

Over $1,650.00 in added prize money will go to winners in seven events—saddle bronc riding, calf roping, team roping, bulldogging, steer riding and two-way sponsor contests. Both junior and senior cowgirl sponsors will compete.

Street banners placards, circulars and western attire of citizens are heralding Levelland's annual three-day rodeo. Afternoon performances scheduled all three days will begin at 2 o'clock. Night shows on July 3 and 4 will get underway at 8 o'clock.

Including in the specialties will be the picturesque mounted quadrille, clowns and trick riding. President W. J. Robertson of the Levelland Rodeo association has announced.

Downtown parades will be forerunners of the rodeo performances.

Booster trips to towns within a 200-mile radius will begin on June 24. Advertisers of the annual rodeo will take along musicians to stage their booster programs in towns of the area.

ALWAYS RUNNING

"My father was a great western politician in his day."

"What did he run for?"

"The border."

"Here's a dime, my man. It must be tough to support yourself by begging. Are you married?"

"You don't think I'd be relying on total strangers for support if I had a wife, do you?"

What You Should Know About D. D. T.

Read the label. All reputable manufactures will state plainly on the label the percentage of DDT in the product, the type of solvent used and the particular uses to which the mixture is best suited. Don't be fooled by some of the inferior products which are trying to capitalize on DDT publicity by claiming to "contain DDT." Many are ordinary insecticides to which DDT has been added in such minute amounts as to be wholly ineffective.

Read the label carefully before you buy.

Sharp received from his friend McGreen a letter which bore no stamp, and he had to pay postage due. The letter concluded:

"You will be delighted to hear that I am enjoying the best of health, old chap. Yours, McGreen."

Sharp wrapped up a large stone, and without paying postage, sent it to McGreen with the following reply:

"This great weight rolled off my mind when I heard the good news."

BOYCE HOUSE "Gives You Texas"

It's an old one but I've always liked the story of the intoxicated man who was shoved out the front door of a club and he announced to a bystander, "I'm gonna go back in there an' throw 'em all out. You stand here an' count 'em." So he made his wobbly way back up the steps and back into the building. In a little while the door flew open and out sailed a form. The man on the street said, "One." The figure on the sidewalk slowly rose and said, "Don't start counting yet; this is just me comin' out again."

And changing the subject:

For the first breakfast in their home, the bride cooked some biscuits. Her husband said, "Darling, don't cook biscuits anymore; you are too light for such heavy work."

Here's a little poem whose author is unknown, entitled, "Give Them the Flowers Now:"

Closed eyes can't see white roses,
Cold hands can't hold them, you know;
Breath that is stilled can not gather
The odors that sweet from them blow.
Death, with a peace beyond dreaming,
Its children of earth doth endow;
Life is the time we can help them,
So give them the flowers now.

Here are the struggles and striving,
Here are the cares and the tears;
Now is the time to be smoothing
The frowns and the furrows and fears.
What, to closed ears, are kind sayings?
What, to hushed heart, is deep vow?
Naught can avail after parting,
So give them the flowers now.

Just a kind word or a greeting,
Just a warm clasp or a smile—
These are the flowers that will lighten
The burdens for many a mile.
After the journey is over,
What is the use of them? How
Can they carry them, who must be carried,
Oh, give them the flowers now.

Blooms from the happy heart's garden,
Plucked in the spirit of love;
Blooms that are earthly reflections
Of flowers that blossom above—
Words can not tell what a measure
Of blessing such gifts may allow
To dwell in the lives of many;
So give them the flowers now.

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of June 23, 1921)

Rev. and Mrs J. S. Groves celebrated their 50th wedding anniversary. Rev. Groves was a former pastor of the local Presbyterian Church.

A daughter was born to Mr. and Mrs. Mark Wesley.

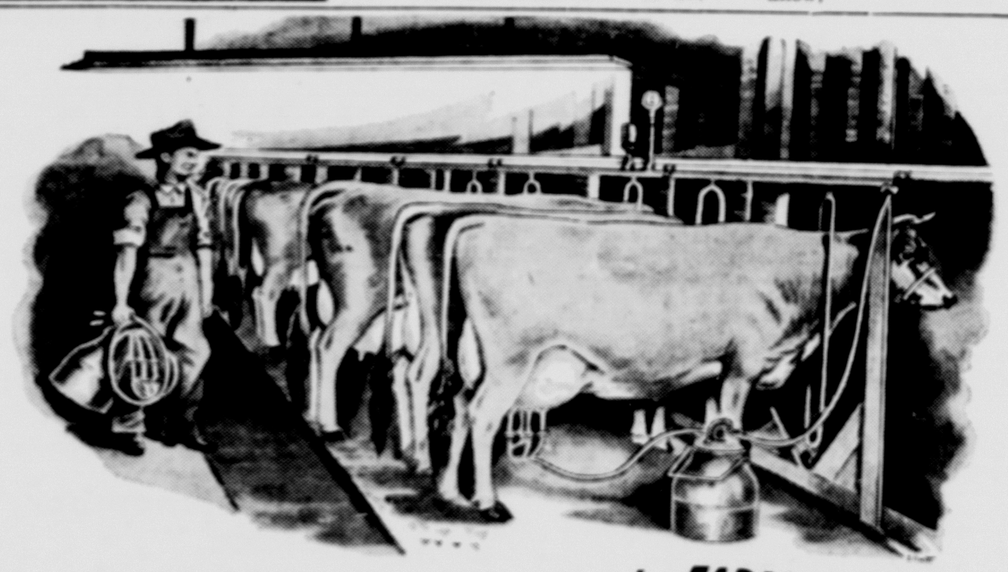

A cyclone hit the Fred Schuette farm Sunday afternoon. The house was demolished and sixty head of stock killed. The storm centered on the Schuette place, but stock was killed on adjoining farms.

County Agent C. F. Walker is arranging the catalog for the Randall county fair this fall.

HOW NICE

A tightwad traveling salesman sent his better half a check for a million kisses as a birthday present. He was considerably upset when a few days later he received the following letter:

"Dear Jim: I can't begin to express my appreciation of the check you sent me on my birthday. I presented it to the milkman this morning. He cashed it."

IT WON'T BE LONG UNTIL YOU'LL FARM BETTER ELECTRICALLY

The efficiencies, the advantages of electricity on the farm are well-known to hundreds and hundreds of farmers in this territory.

There's the electric milking machine that makes it possible to milk more cows at a lower cost. There's water pumping, good lighting, grinders —and a score of other labor savers.

Under our expansion program, electricity will soon be available to additional hundreds of farmers. See your nearest Public Service Company office or your local R.E.A. Office for information.

War Department Outlines Plans in Care War Dead

So many inquiries have been received by the State Service department concerning the return of War Dead from overseas that Guy Harp, local Service Officer for the American Legion, has received all information now available on the subject.

A five year period is provided by the law but the War Department expects to complete the project much earlier. Cost is estimated at from 195 to 215 million dollars, or $700 per man.

Families will have the option of—

"Having the remains returned to the U. S. for final interment in a National Cemetery near their home. The cost of this will be borne entirely by the government.

"Returning the remains to the U. S. or American territories or possessions for burial by next of kin in a private cemetery. The government will pay $50 toward the local burial expense and bear all costs of shipping the body home. Cremation at government expense is authorized when desired.

"Burying the deceased in a permanent American Military Cemetery overseas.

"Foreign-born American dead also may be buried in a private cemetery in their native land."

Caskets will be available this fall for the first shipment of war dead is expected at the end of the year.

Those families of this vicinity who desire more information concerning removal of their loved ones should contact Guy Harp at the Post Office for further information. They are expressly requested by the government to contact local Service Officers for this information.

"Jock," said the minister sternly, "didn't you hear me call to you as you were entering the saloon yesterday?"

"Oh, aye; I heard ye; but I had only the price o' one drink."

No Dining Room?
O. K., Try This SNACK BAR!

...NEW FREEDOM Kitchen Design

Got one of those charming new houses with no dining room and smaller-than-average kitchen? If so, the picture above should interest you. It's one of the New Freedom Gas Kitchen designs, and it shows a really practical way of making the minimum in space give the maximum in comfort and convenience. It's the "Snack Bar" with plenty of room to seat four persons . . . comfortably. Later on maybe you're planning one of those cute little dinette sets for the living room, but in the meantime, the Snack Bar's the thing. Compare the small amount of space occupied by the efficient Snack Bar with that taken by the usual kitchen table and four chairs. Obviously it's less than half the space. And it does away with "chair scraping" (science of marring walls and woodwork). Then, too, there's no easier way of fixing that after-school snack for the kiddies. Yes, if your kitchen's small, the Snack Bar's the thing. You can have New Freedom in your kitchen regardless of size.
